Cogeco Cable Canada meets its Ontario residential clients' needs and enhances its High Speed Internet services

Montréal, December 1st, 2014 – Cogeco Cable Canada is proud to announce the enhancement of some of its Internet residential packages in Ontario. As of today⁽¹⁾, current subscribers will be able to benefit from this improvement without any additional costs.

As we all know, consumers' Internet needs are evolving rapidly. Cogeco Cable Canada is dedicated to meet its customers' needs and to offer the fastest speeds and more bandwidth, at very competitive prices, and does not hesitate to make adjustments to meet its clients' demands and offer the necessary improvements to its packages.

"The needs of our clients have been at the centre of our priorities for many years and we do not hesitate to take their comments and feedback under consideration. The improvements announced today are our answer to the needs of a vast majority of our customer base, and to provide some of the fastest Internet speeds on the market at very competitive prices," stated Anne Isabelle Roussy, Vice-president marketing and product development at Cogeco Cable Canada.

For clients, the changes will allow for faster download speeds and more bandwidth, resulting in improved service while watching online content that can be found on Netflix and YouTube, amongst others, or surfing the web.
