## **Cogeco Cable Canada extends its High Speed Internet service in the municipalities of Chandler and Pabos**

**Montréal, October 7, 2013** – Cogeco Cable Canada (« Cogeco ») announces the launch of Cogeco's High Speed Internet service in Quebec's municipalities of Chandler and Pabos. All Cogeco Cable Canada customers and the majority of residents from these areas can subscribe to Cogeco's High Speed Internet service by choosing a package according to their needs at a very competitive price.

Cogeco High Speed Internet is a high quality service which is based on a fast, secure and reliable network. Depending on their needs for email, uploading photos, videos or music, or the number of computers at home, customers simply choose from one of Cogeco's six packages from Express 5, Express 10, Turbo 14, Turbo 20, Ultimate 40 and Ultimate 60. Cogeco's technical services take it from there, with a fast and professional installation.

"We're excited to launch Cogeco's High Speed Internet service in Chandler and Pabos because we know it truly is what our customers are looking for and we always strive to offer our customers more flexibility, speed and choice. In addition, customers will benefit from the highly competitive prices offered to them when they subscribe to both of our services - digital TV and High Speed Internet" declared Anne Isabelle Roussy, Vice President Marketing and Product Development, Cogeco Cable Canada.

### **Flexible packages**

Cogeco Cable Canada offers six different flexible packages to their customers to answer their varied and unique needs. All of our packages include: Professional installation, regular modem rental, generous data transfer limits, access to Cogeco Webmail from any Internet access and technical support, 7 days a week.

### **Surf with peace of mind**

Customers can personalize their package and obtain the best protection by subscribing to Cogeco Security Services suite. Thanks to a partnership with F-secure, worldwide leader in the field of Internet Security, Cogeco offers you simple and effective security solutions on Windows and Mac. Every hour, automatic updates are carried out to protect your computer and your online activities. Access to a full range of security services is only \$2 per month with High Speed Internet Express 5 and Express 10 and is included in all other packages.

Visit [www.cogeco.ca/security](http://www.cogeco.ca/security) for more information on the Cogeco High Speed Internet Service.

## **ABOUT COGECO CABLE CANADA**

Cogeco Cable Canada regroups the Canadian cable operations of Cogeco Cable Inc. ([www.cogeco.ca](http://www.cogeco.ca)). Cogeco Cable Canada is the second largest cable operator in Ontario and Quebec in terms of the number of Basic Cable service customers served. Cogeco Cable Inc. is a telecommunications corporation and is the 11th largest hybrid fibre coaxial cable operator in North America operating in Canada under the Cogeco Cable brand name in Quebec and Ontario, and in

the United States through its subsidiary Atlantic Broadband in Western Pennsylvania, South Florida, Maryland, Delaware and South Carolina. Its two-way broadband cable networks provide to its residential and small business customers Analogue and Digital Television, High Speed Internet («HSI») and Telephony services. Through its subsidiaries Cogeco Data Services and PEER 1 Hosting, Cogeco Cable Inc. provides its commercial customers a suite of IT hosting, information and communications technology services (Data Centre, Co-location, Managed Hosting, Cloud Infrastructure and Connectivity), with 23 data centres, extensive fibre networks in Montreal and Toronto as well as points-of-presence in North America and Europe. Cogeco Cable Inc.'s subordinate voting shares are listed on the Toronto Stock Exchange (TSX: CCA).
