Available where technology permits. Additional charges will apply for exceeding the monthly data transfer capacity (GB) allowed for each specific Cogeco Internet package. Download and upload speeds can vary with Internet traffic, remote peers, the customer's network configuration, the use of wireless equipment and other factors. Upload speed of up to 940 Mbps and up to 360 Mbps can be achieved with a wired connection in certain areas of Burlington and Oakville. The customer is not authorized to exceed a reasonable limit, such as any usage that restricts or inhibits other users from using Cogeco services in an adequate manner, or creates an unusually large burden on the Cogeco network. All Internet packages include 2 free installations of Cogeco Security services for desktop and/or laptop computers. Cogeco Security GO with unlimited installations for computers, tablets and wireless devices is available at a regular price of \$5.99/month. Visit [cogeco.ca/secureitogo](http://cogeco.ca/secureitogo) for details. The Connecting Families Internet Program is a special package. Contact the Government of Canada for eligibility selection and other details. [Canada.ca/connecting-families](http://Canada.ca/connecting-families) Or call 1-800-328-6189 or (TTY) 1-866-694-8389.
