1. **Service Order Procedure.** Customer shall acquire Services from Cogeco using a Service order form (the “**Service Order Form**”). Each Service Order Form is prepared and provided by Cogeco, and contains the following information: (i) description of Services; (ii) monthly recurring and non-recurring charges payable to Cogeco; (iii) location of Customer Service sites; (iv) additional service-specific terms and conditions; (v) initial term for Services expressed in years or months, as applicable; (vi) anticipated date of activation of Services; (vii) all relevant provisioning, technical, and billing contacts; (viii) technology requirements for each Customer Service site including points of demarcation (the “**Demarcation Point**”) and/or interconnection.
2. **Service Provision.** Cogeco shall notify Customer (the “**Service Provision Notice**”), in advance, of the date and time that Cogeco shall activate Services at the Demarcation Point. Upon receipt of the Service Provision Notice, Customer shall identify a time, date and representative to meet Cogeco’s representative at the Service Site within two (2) Business Days (the “**Service Provision Date**”), in order to complete installation and testing Services from the Demarcation Point to Customer’s communications equipment (the “**Communications Equipment**”). In the event that Customer fails to complete installation by the Service Provision Date, Cogeco shall be deemed having completed all necessary work for provision of Services. Thereafter, the commencement of the initial term for each Service shall be the Service Provision Date and all charges payable to Cogeco for provision of the Services shall be calculated as of the Service Provision Date. If the Service Provision Date falls on a day other than the first day of a calendar month, monthly charges for the provision of Services during said calendar month shall be pro-rated to the Service Provision Date.
3. **Cancellation of Services by Customer.** Unless otherwise specifically specified in writing by Cogeco and Customer and notwithstanding any terms to the contrary in this Agreement, each Service shall have a minimum initial term of twelve (12) months commencing on the Service Provision Date. Subject to the Substituted Service provisions set forth below, in the event that Customer terminates all or a portion of such Services (the “**Terminated Services**”), at any time commencing on the date of acceptance of Service Order by Cogeco and ending prior to the provision of Service, Customer shall pay to Cogeco, forthwith upon demand by Cogeco, all charges including out-of-pocket expenses incurred by Cogeco prior to the date of receipt of notice of termination from Customer. For greater clarity, such charges include, without limitation, Cogeco engineering costs as well as third party contractual obligations (including inter-carrier costs) incurred by Cogeco or for which Cogeco is obligated to pay with respect to Terminated Services. No rebates will be given for any activation (including line termination fees), or installation charges paid by Customer prior to Service Provision Date. In case of early cancellation of a Service Order, at any time after the Service Provision Date, an amount representing sixty (60%) percent of the outstanding value of the Service Order shall be paid by Customer to Cogeco. Following the first anniversary of the Service Provision Date and notwithstanding any terms to the contrary, Customer’s request for cancellation of a Service must be sent in writing with sixty (60) days’ prior notice to Cogeco. For greater clarification, Customer hereby waives any right, in law, to unilaterally terminate the Agreement before the Service Provision Date, failing which, Customer expressly agrees to payment of an indemnity to Cogeco, pursuant to the terms hereof, in case of early termination of the Agreement.
4. **Substituted Service.** Customer may substitute a Service (the “**Substituted Service**”) during the initial twelve (12) month term (or such minimum term specified in the Service Order Form), provided that the monthly recurring cost of such Substituted Service shall be equal to or greater than the cost of the Terminated Service and Cogeco has sufficient capacity available on its network to provide the Substituted Service. In such case, Customer shall bear all non-recurring activation and installation charges regarding provision of the Substituted Service. Upon provision of the Substituted Service and notwithstanding any terms to the contrary, Customer may not suspend or terminate the Substituted Service for a period of twelve (12) months from the date when Service substitution took effect (the “**Substituted Service Term**”). In the event that Customer suspends or terminates the Substituted Service prior to the completion of the Substituted Service Term, Customer shall pay to Cogeco forthwith upon demand by Cogeco, all charges which would otherwise have been payable by Customer to Cogeco had the Substituted Service been provided as contemplated for the balance of the twelve (12) month Substituted Service Term. In the event that Customer terminates Services after the completion of the Substituted Service Term, the indemnity payable for early termination is sixty (60%) percent of the outstanding value of the Service Order.
5. **Network Management Service.** Network surveillance and fault management shall be performed on a 7 day per week, 24 hour a day basis for “lit” Services. Name and address management, and management of moves, adds and changes will be performed on Business Days.
